

## Adverbial negativ

Ex: nay, no, not, never, hardly, scarcely

Locul: înaintea vb. în forma lui simplă, după to be,  
după auxiliare sau defective modale.

She never arrived so that we could meet her train.

They were never on the stage.

I do not know what you mean by these words.

They have hardly seen me yet.

- se punct înaintea infinitivului, o particoială și o imperativului

Ex.: My parents asked me not to go in for skiing.

Never being able to do his job properly he was fired.

Never let the child out of your sight.

## Adverbii speciale

Far (departe) se fol. de obicei în prop. negative sau interrogative. În prop. afirmative, el este fie însoțit de altă adv. sau prep. fie însoțit de a... way.

He didn't go far.

He went only a short way.

He lives far away.

First (înțai) / At first (la început).

At first = at the beginning / to begin with; este adesea urmat de but.

În alte situații se fol. First.

First I <sup>went</sup> for a walk and then I went to bed.

At first I didn't like the town but then I began to love it.

### Long

Adv. long este însoțit în prop. afirmative de a long time.

"Did you stay there long?"

"Yes. I stayed there a long time."

### Much/Very much

very

Much apare și în prop. afirmative și în interrogative.

În prop. af. el este precedat de [very].

Do you like swimming much?

Yes. I like it very much.

### Only (numai, doar)

- înaintea un. pe care îl det.

Only he came to see me.

He came to see me only yesterday.

- înaintea vb. (în engl. vorbită)

He only came to see me yesterday.

Imperfect of cwr. la care se refers ONLY to fi accentuat.  
He only came to see me yesterday.

Presently = in cwdnd.

Still, Yet

Still (imcō) → durata, continuata

Still este fol. in prop. affirmative si interrogative:

Is Mary still at the seaside?

Yes, she is still there.

Still → prop. negative (subliminea continuari unei act. negative)  
I still don't understand what this is about.

Yet (imcō, pómā acum, pómā atunci) se referă la un moment  
se întreb. in prop. negative si interrogative.

Has it stopped raining yet?

He hasn't yet arrived.

He hasn't arrived yet.

Yet = deja — poy. finală

Have they seen that film yet?

Asefate la inceputul prop., ori după conj. BUT, AND adr.  
STILL & YET sunt sinonime cu ALL THE SAME; totuși, ca  
toate că → conj

Still  
Yet  
All the same } I don't understand him.

: to entail = a lōsa mostenire

needn't + perfect infinitive + prop le tract  
didn't need to + prop expl. la phénoménal survivor.
